AN EXPERIENCED LEADER IN THE GAS FIREPLACE INDUSTRY

38 SERIES DIRECT VENT - PANORAMA

Over the past two decades, technological advances in the hearth industry have dramatically changed the role of the fireplace in the home. The gas fireplace has evolved into a clean, convenient way to provide a comfortable, warm environment.

As a leading manufacturer of gas appliances, Canadian Heating Products and Montigo DelRay Corp. have created a line of fireplaces that goes beyond the basic function of providing comfort.

Outstanding styles and quality engineering have become synonymous with the Montigo name.

Since 1976, Montigo has developed a full product line of direct vent and B-vent models that have captured world-wide interest.

Our patented designs in gas burners and venting components has allowed us to create unprecedented products that have turned Montigo into a true Work of Art!

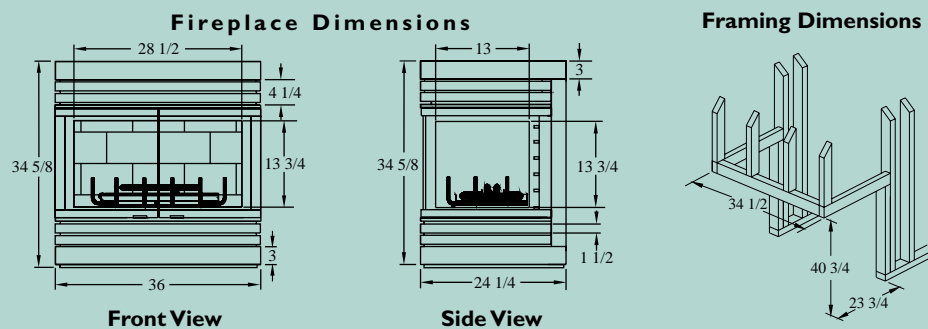

Standard Features:

- 30,000 BTU/H Input on Natural Gas
28,500 BTU/H Input on Propane
- Natural glowing fibre log set with embers provides a relaxing, mature fire
- 78% maximum steady state efficiency
- Hi/Lo Control for adjusting flame and heat level
- Equipped with 4 heat-activated fans. The fans will activate automatically once the fireplace has reached temperature. Upon cooling of the fireplace, the fans will automatically turn off
- Refractory Brick lining
- 3-piece Ceramic glass inner window

- Twin-Pane outer doors finished in Satin Black
- Horizontal wrap-around trim packages available in your choice of Satin Black, Polished Brass or Stainless Steel finishes
- 100% fail safe shut off valve
- Piezo spark ignition for your convenience

Optional Features:

- Wireless remote control with on/off control
- Wireless remote control with temperature and flame control

Model M38DV-PRC shown with Satin Black wrap-around trim

Clearance to Combustibles	
M38DV-PRC	
Top Clearance*	16"
Floor	0"
Back	0"
Flue	1"
Mantel**	6"

*Clearance from the top of the fireplace to a combustible ceiling within the fireplace enclosure

**Mantle clearance is based on an 8" shelf depth. Shelf may be extended to 12"
- refer to installation manual

Consult owner's manual for complete installation instructions and proper clearances to combustible surfaces prior to installing fireplace.

Warranty: The manufacturer warrants this fireplace to be free from defects in materials and workmanship at the time of manufacture. There is a limited 10 year warranty on the firebox; 5 year limited warranty on the main burner and 1 year limited warranty on the pilot burner assembly, fibre logs and fan motors (if included). The valve carries a limited 1 year warranty unless otherwise specified in the installation manual. Glass, plated/painted finishes and refractory lining are exempt.

All specifications, product designs, materials and colours are subject to change without notice. The actual flame pattern and colour may vary slightly from the illustrations. Diagrams and illustrations not to scale.
