WARM, TROUBLE-FREE SECURITY.

Elegant and dependable, Quadra-Fire pellet stoves are trouble-free, fully automatic heating sources for any size home. Whether you prefer traditional styling or more modern design, these stoves—like all Quadra-Fire hearth products—are some of the finest home heating appliances in the world.

All Quadra-Fire stoves are approved to burn a mixture of conventional wood and corn pellets.

PELLET STOVES

WHAT'S YOUR PASSION?

Passion for work. Passion for life. At Quadra-Fire, our passion combines them both. Because our work is fire, and fire breathes life into all of us. Fire gives us more than simple light and heat – it touches the inner spirit. Fire fuels the energy and passion within each of us.

Our passion is found in every detail of our products - in the fine craftsmanship of the design, the high quality of the materials and the unparalleled service we offer. We put great care into our stoves, using thick steel and other materials that enhance the appearance today, and keep it looking good for many tomorrows.

Whether fueled by wood, gas, pellets, corn or electricity, each Quadra-Fire stove is a perfect balance of efficiency and beauty. Safe, reliable, and easy-to-use, an environmentally friendly Quadra-Fire is the smart choice for alternative-energy home heating.

Four Heat Settings

A fourth “Quad” setting provides for extra heat, up to 60,000 BTU/hr.

Operable doors

Dual cabinet style doors and an optional firescreen enhance the view of the roaring fire and herringbone firebox interior.

Optional Log Set

Add an optional four piece log set, with or without the extra top log, for added realism.

Four finish choices

Choose from Classic Black, Mahogany, Crème and Linden Green.

MT. VERNON

Designed to blend superbly with your fine home furnishings, the Mt. Vernon is a high performance pellet stove. Truly a work of art, it is beautifully crafted from traditional cast iron for a lifetime of warm memories.

STANDARD FEATURES

- Up to 60,000 Btu's
- Four Heat Settings
- Operable Double Door
- Herringbone Brick Interior
- 220 cfm Convection Blower

OPTIONS

- Four color finishes
- Warming Shelves
- Log Set
- Extra Top Log
- Firescreen
- Programmable Thermostat
- Remote Controls

MT. VERNON FEATURES

Nothing is more inviting than a warm and welcoming fire. The extra-large Mt. Vernon is a powerfully efficient home heater, producing enough heat to softly warm your entire home all day. Choose from any of the three conventional heat settings, or use the “Quad” setting for those particularly frosty nights. The Mt. Vernon offers truly unmatched heating capacity in a uniquely beautiful design.

Mt. Vernon Pellet Stove, shown with Linden Green finish.

Traditional Cast Iron

Built from traditional cast iron for optimal heat exchange and classic beauty.

Self Lighting & Fully Automatic

Quadra-Fire's patented automatic ignition system offers simple unattended operation. Just set the thermostat for maximum comfort. Available on all models

Optional Log Set

Add an optional four piece log set, with or without the extra top log, for added realism.

Four finish choices

Choose from Classic Black, Mahogany, Crème and Linden Green.

CASTILE

With traditional cast iron beauty and patented combustion technology, the Castile pellet stove brings the best of old world styling together with the latest in home heating technology.

STANDARD FEATURES

- Up to 30,000 Btu's
- Three Heat Settings
- Herringbone Brick Interior
- Thermostat Control

OPTIONS

- Four color finishes
- Log Set
- Extra Top Log
- Programmable Thermostat
- Remote Controls

CASTILE FEATURES

The Castile stove begins life in Europe, where it is cast with precision and care using only premium quality iron. It is then meticulously assembled at our facility in Washington, combining its unique beauty with our advanced technology. As efficient as it is beautiful, the Castile delivers enough warmth to heat a 1500 square foot home, while reducing emissions to an amazingly low 0.7 grams/hour.

Castile Pellet Stove, shown with Classic Black finish, and optional log set and top log.

Environmental Safety

The pellets burn thoroughly in an intense cyclone of fire which reaches 2000°F, reducing emissions to an average of less than one gram per hour. Standard on all models.

Easy clean firepot

Simply pull the cleaning rod to empty the patented EZ Clean Firepot. Standard on all models.

Push Button Convenience

Add a programmable remote to control the fire from your easy chair. Available for all models

Gorgeous Bay View

A full bay door provides a clear view of the spirited fire within.

Decorative choices

Customize your stove with full view bay doors and grilles in classic black, lustrous 24 Karat Gold or subdued satin nickel.

CLASSIC BAY 1200

Light your imagination afire with the full bay-view of the Classic Bay 1200. Created with true “whole-house heating” in mind, it can efficiently heat up to 2,500 sq. ft. The three-sided bay window is available set in three stunning finishes.

STANDARD FEATURES

- Up to 40,000 Btu’s
- Three Heat Settings
- Large Bay Window
- Thermostat Control
- Large All-in-One Ash Drawer

OPTIONS

- Door in Black, Gold or Satin Nickel
- Grille in Black, Gold or Satin Nickel
- Log Set
- Richly Detailed Brick Interior
- Programmable Thermostat
- Remote Controls

CLASSIC BAY 1200 FEATURES

The large Classic Bay 1200 is a more than simply a beautiful, three-sided showpiece. While the elegant full bay view door is clearly the focal point, the real stars of this stove are inside. The patented burn system, E-Z Clean firepot and revolutionary ignition system all add up to a world-class heating source that will last for years and years. Choose the optional log set and interior firebox brick panels to add rich realism.

Classic Bay 1200 Pellet Stove, shown with Gold Bay Door, Gold Grille, and Log Set.

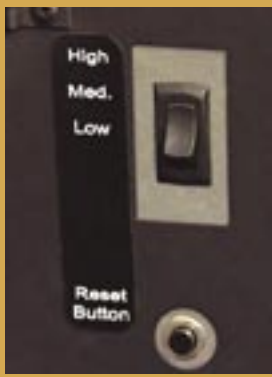

Jam-Free Operation

Patented Jam-Free Feed System ensures trouble-free operation, even when you're away from home. Standard in all models.

Multiple Fuels

All Quadra-Fire Pellet Stoves are approved to burn corn. See your dealer for more details.

Heat Settings

All Quadra-Fire Pellet Stoves have multiple heat settings for maximum control.

Optional Log Set

Add an optional four piece log set, with or without the extra top log, for added realism.

Decorative choices

Customize your stove with a door crown and grille in your choice of gold or satin nickel.

SANTA FE

The clean lines of the Santa Fe pellet stove blend seamlessly into nearly any room design, while it's powerfully quiet engine effortlessly warms your entire home.

STANDARD FEATURES

- Up to 30,000 Btu's
- Three Heat Settings
- Black Door & Grille
- Durable and Stylish Cast Iron Top
- Thermostat Control

OPTIONS

- Door Crown in Gold or Satin Nickel
- Grille in Gold or Satin Nickel
- Log Set
- Extra Top Log
- Programmable Thermostat
- Remote Controls

SANTA FE FEATURES

The medium-sized Santa Fe offers all the technological superiority Quadra-Fire is famous for — a patented automatic ignition system, jam-free feed systems, exclusive aluminum heat exchanger, and a revolutionary easy clean firepot — in a stove that will warm your home for years and years.

Santa Fe Pellet Stove, shown with Gold Door Crown, Gold Grille, Log Set, extra Top Log and Cast Iron Base.

FLOOR PROTECTION

I 2"
 J* 2"
 K 6"

Use a noncombustible floor protector, extending beneath heater and to the front/sides/rear as indicated. Measure front distance (K) from the surface of the glass door.

IMPORTANT – READ BEFORE YOU INSTALL!

Refer to the Owner/Installation Manual for complete clearance requirements and specifications. The images and descriptions in this brochure are provided to assist you in product selection only.

¹Heating capacity (in square feet) is a guideline only and may differ slightly due to climate, building construction and condition, amount and quality of insulation, location of the heater, and air movement in the room.

*See Owner's Manual for exceptions.

**BTU output will vary, depending on the brand of fuel used. For best results, consult your authorized Quadra-Fire dealer.

Available From:

Quadra-Fire offers a limited Lifetime Warranty on our pellet heating appliances to the original purchaser for the lifetime of the appliance, to be free from defects in material and workmanship. See your authorized Quadra-Fire dealer for details.
